

# Create Utah

Create Utah was planned and developed as a partnership between Adobe, Utah Education Network and the Utah State Board of Education. The program was first funded in July 2019. Create Utah provides Adobe Creative Cloud access to:

Statewide access to all District & Charter owned machines

282k Student Unique Individual Licenses

53k Teacher Unique Individual Licenses

## DEPLOYMENT MEASURES

JULY 1, 2019

Official funding for Adobe is provided to all participants

JULY - SEPT 19

282,000 Students & 53,000 Faculty/Staff estimated amounts

JULY 19 - JAN 20

Current total deployed licences is 357,000 across 161 LEAs

\* 100% of the 357K available licenses have been deployed to students and teachers.

## PROFESSIONAL DEVELOPMENT

UEN MOOC

71 of 323 participants have completed the Adobe Open Online Course to develop Adobe skillsets & possibilities

ADOBE LEADERS

35 teachers have applied for Adobe's Campus Leader Program to assist in establishing scalable Adobe professionals

USBE & ADOBE PD

1372 participants for several in-person and webinar sessions for Adobe trainings and enablement

\* Professional development is an emphasis providing stability and confidence to educators as they utilize Adobe in the classroom.

## PARTIAL USAGE METRIC

CREATIVE CLOUD

There are at least 74,000 active users accounted for that use only the cloud feature accessible through Adobe.

LAB LICENSES

We have 100,000 shared machine licenses for our classrooms, libraries, and other shared labs across all schools.

FUTURE GOALS

We are working with each LEA to track full utilization to measure active users, and anticipate 175,000 users.

\* Each agency involved continues to collaborate to obtain a safe, secure, and reliable utilization. Currently we know that at least 74,000 users have used the Library Feature of the Creative Cloud.
